

*FOR 1ST AND 2ND YEAR
WRESTLERS*

NOVICE WRESTLING CAMP

LEARN THE BASICS AND ELIMINATE BAD HABITS BEFORE THEY START

Make sure your child develops proper positioning and technique from the start. Bad habits are hard to break as your wrestler develops their skills over time. There are plenty of wrestlers out there with multiple years of experience who still do not know the correct basic skills. These skills are vital for a solid base and are necessary in order for your child to have success in this very technical sport. Athletes can have success at a young age but, without the basics, they begin losing regularly as the years pass. The athletes with correct positioning and technique end up champions in the end. When your athlete masters positioning and technique, they will learn what it is like to be a champion!
